

## Transaction ZDET: Query of Document Detail ALV Grid Program Changes

### Transaction ZDET: Before ALV Grid Control Program Changes

This transaction provided ALV Grid Control output options, allowing end users to create custom report layouts.

### Transaction ZDET: After ALV Grid Control Program Changes

The output screen now displays program information below the screen title.

For help with customizing report layouts, refer to our tutorial *Custom Layouts and Downloading Reports Instructions* located here:
